

DC RANCH DESERT CAMP

PLANTING ZONES

NATURAL ZONE

- Mimics the natural desert
- Plant density = 1:25 sq. ft.
- Base shrub requirements are listed in the Abbreviated Plant Palette in this booklet.

BLOCK WALL

PRIVATE ZONE

- Behind 5 ft. high privacy wall
- Back yards which are not completely enclosed by a 5 ft. solid block wall may use private zone plants, provided that along the perimeter of the view fence an enhanced zone is utilized.
- Behind a 5 ft. privacy view fence. (The area from the fence to 5 ft. away is Enhanced Zone)
- Plant density = 1:25 sq. ft.
- No base shrub requirements

ENHANCED ZONE

- All non-enclosed areas from face and side walls of the home to where it meets natural zone.
- Plant density = 1:25 sq. ft.
- Base shrub requirements are listed in the Abbreviated Plant Palette in this booklet.
- If adjacent property is common area, then it is predominately Natural Zone.
