

**DC RANCH
BUILDER AGREEMENT
(Resident as General Contractor)**

This DC Ranch Resident Builder Agreement (“Agreement”) is made as of the date executed by the undersigned (“Resident Builder”), as indicated below Resident Builder’s signature, for the benefit of DC Ranch L.L.C., an Arizona limited liability company (“Developer”).

RECITAL

Developer is the developer of the planned community located in Maricopa County, Arizona, and known as DC Ranch (“Development”). Resident Builder is engaged in constructing a home for his or her own personal use (the “Home”) on Lot _____, DC Ranch Parcel _____ (the “Lot”), the address of which is _____.

AGREEMENT

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Resident Builder, intending to be legally bound, hereby agrees as follows:

1. COVENANTS OF RESIDENT BUILDER.

(a) **Compliance with Construction Rules.** Resident Builder acknowledges that Developer reserves the right, on behalf of itself and on behalf of DC Ranch Association, Inc., DC Ranch Community Council, Inc., and The Covenant Commission (collectively, the “Governance Organizations”), to adopt rules and impose restrictions (and to amend such rules and restrictions from time to time) on conduct and construction activities within the Development (the “Construction Rules”). Resident Builder shall be responsible for the conduct of its agents, contractors, subcontractors and suppliers, and for ensuring their compliance with the terms and conditions of this Agreement, the Construction Rules and all recorded documents controlling development of the Lot (collectively, the “Governance Documents”). The Construction Rules may include, without limitation, the requirement that all contractors, subcontractors and suppliers register at a designated point prior to entry into the Development. Resident Builder further acknowledges that if any contractor, subcontractor, supplier or agent of Resident Builder, in its capacity as such, violates any of the terms or conditions of this Agreement, the Governance Documents, or the Construction Rules, and such violation is not cured within five (5) business days after receipt of notice of the violation by Resident Builder, such event shall be a default of Resident Builder under this Agreement, and, in addition to pursuing any other remedies available to Developer at law or in equity, Developer may, without liability to Developer, prohibit the violator from performing any further services for Resident Builder or any other builder or contractor in the Development. Furthermore, Buyer acknowledges that Developer reserves the right to seek the removal of and prohibit any contractor, subcontractor, employee, agent or supplier of Resident Builder from entering or engaging in activities in the Development if Developer deems, in its sole discretion, that such person (a) has violated any material term or condition of this Agreement, the Governance Documents, or the Construction Rules; (b) has violated applicable laws within or outside the Development; (c) has committed negligent acts or omissions causing damage to subdivision improvements or other improvements within or adjacent to the Development; or (d) has violated any rules of conduct within the Development, including site requirements and personal behavior standards.

(b) **Appearance and Maintenance of Property During Construction.** Resident Builder shall: (i) keep, or cause to be kept, the Lot in a neat, orderly and clean condition, free of all

weeds and other debris; (ii) during construction on the Lot, employ effective dust control procedures; (iii) comply with any reasonable requests made by Developer with respect to the appearance of the Lot during construction thereon within five (5) business days following receipt of such request; (iv) protect the Development (including, without limitation, the Golf Course (as defined below)) from damage caused by Resident Builder, or its agents, employees, contractors or subcontractors to (or promptly repair once damaged) all pavement, curbs, gutters, sidewalks, streets, shoulders, utility lines and appurtenances, grade stakes, surveyor markers, landscaping, drainage facilities, hydrants, and other property within the Development; (v) keep all such property, and all pedestrian and road rights-of-way and drives, reasonably clean and clear of equipment, building materials, dirt, debris and similar materials; (vi) not bury or cover trash or debris on any property in the Development; (vii) clean plaster or concrete equipment only at designated sites; (viii) not store any construction materials on property within the Development except materials to be used in the construction of homes on the property where stored; (ix) keep roadways, easements, and other property within the Development clear of silt, construction materials and trash from its activities and the activities of its agents, employees, contractors and subcontractors, at all times; (x) not enter into or cross over any portion of the Golf Course to access any portion of the Development; and (xi) during the construction period, comply with all applicable laws, rules and regulations pertaining to construction and safety and with the Construction Rules, as amended from time to time. If Resident Builder fails to comply with its obligations under this subparagraph, and such failure is not cured within five (5) business days of Resident Builder's receipt of notice of such failure from Developer, Developer may enter the Lot to cure such failure, at Resident Builder's expense, and Resident Builder shall reimburse Developer for all actual and reasonable costs so incurred by Developer within five (5) business days following receipt of an invoice relating to all such costs so incurred by Developer. If such sums are not paid within such five (5) business day period, Resident Builder shall pay interest on such sums which shall accrue at the rate of fifteen percent (15%) per annum from the date of Resident Builder's receipt of the invoice from Developer until all such sums and all accrued interest thereon has been paid. Resident Builder shall be responsible for causing all of its contractors, subcontractors and suppliers to comply with the foregoing requirements.

(c) **Insurance Coverage.**

(i) Resident Builder shall procure, pay the premiums for, and maintain in full force and effect, during its construction activities with respect to the Lot, such insurance as Owner may, from time to time, reasonably request with such companies and under such policies as are approved by Developer in its reasonable discretion, which policies shall insure Developer against the acts and omissions of Resident Builder, its contractors, subcontractors, and their respective employees, agents, subcontractors and suppliers, and all other persons involved in such construction activities. Such policies shall include a commercial general liability insurance policy, including completed operations, products and contractual liability coverage, with minimum combined single limit of \$1,000,000 for each occurrence and \$2,000,000 in the aggregate. Coverage shall also include a "Broad Form Property Damage" endorsement and contractual liability applicable to both written and oral contracts. General liability insurance shall include coverage for (i) damage caused by collapse or structural injury, (ii) damage to underground utilities, and (iii) liability assumed in construction agreements and other types of contracts or agreements in effect in connection with insured operations.

(ii) Resident Builder shall cause each of its contractors, subcontractors and suppliers to carry workers' compensation insurance to cover statutory limits of the workers' compensation laws of Arizona with supplemental Coverage B Employer's Liability Coverage (providing protection should the employee elect against workers' compensation pursuant to law) in the minimum amount required by applicable law. This insurance must include or be accompanied by a Master and Servant Endorsement. If any class of employees engaged in the construction of the Home is not protected by the workers' compensation statute, Resident Builder shall provide and similarly shall cause each of its

tier contractors and subcontractors to provide special insurance for the protection of such employees not otherwise protected similar to the coverage required above.

(iii) Prior to the commencement of the construction of the Home, Resident Builder shall deliver to Developer, without expense to Developer, appropriate certificates from Resident Builder's insurance companies (and prior to any contractor, subcontractor or supplier entering upon any portion of the Development, such contractor, subcontractor or supplier shall deliver to Developer, without expense to Developer, appropriate certificates from its insurance companies) which shall certify that (i) each said policy is then in full force and effect and the expiration date thereof, (ii) each said policy shall not be canceled without thirty (30) days prior written notice to Developer, and (iii) Developer is covered as additional insured under each said policy.

(d) **Compliance with Laws.** Resident Builder shall comply (and shall be responsible for ensuring that its agents, contractors, subcontractors and suppliers comply) with all applicable federal, state and local laws, rules, regulations, permit conditions and requirements, and court orders, pertaining to all activities of Resident Builder, or on behalf of Resident Builder, with respect to the Development.

(e) **Notice of Litigation.** Resident Builder shall promptly inform Developer of any litigation, or of any claim or controversy which might become the subject of litigation, against Resident Builder or affecting the Lot, the Home, if such litigation or potential litigation might, in the event of an unfavorable outcome, have a material adverse effect on Resident Builder's capability to perform its obligations hereunder.

(f) **Good Construction.** All improvements to be built by Resident Builder in the Development shall be constructed in accordance with standard industry practices and in a timely manner consistent with all building codes, covenants, conditions and restrictions applicable thereto.

2. **CONSTRUCTION DEPOSIT.** To ensure compliance with the provisions of this Agreement, Resident Builder shall deposit with Developer a deposit (the "Construction Deposit") prior to commencement of construction of the Home, in the amount of \$5,000. The Construction Deposit shall be held by Developer until completion of construction of the Home. Upon completion of all construction of the Home, provided Resident Builder is not then in default hereunder or under any other agreement with Developer, Developer shall release to Resident Builder the Construction Deposit, less any funds expended by Developer pursuant to this Agreement and not restored by Resident Builder. Developer may draw upon the Construction Deposit as necessary to cover, among other things, the cost of repairing damage to property and subdivision improvements caused by Resident Builder or its contractors, subcontractors, suppliers or agents, and the cost of trash removal and maintenance, if not performed by Resident Builder as required by this Agreement. If any part of the Construction Deposit is applied by Developer pursuant to this Agreement, Resident Builder shall, immediately upon demand, deposit with Developer a sum equal to the amount so applied in order to restore the Construction Deposit to its original sum. Nothing in this Section or this Agreement shall be construed as limiting Developer's rights to seek reimbursement from Resident Builder for the total amount expended on Resident Builder's behalf if the amount expended exceeds the amount of the Construction Deposit and any provision in this Agreement granting Developer the right to draw on or charge the Construction Deposit shall be deemed also to provide that Developer shall have a right to reimbursement for any amount in excess of the Construction Deposit. In lieu of requiring a cash deposit from Resident Builder, Developer may, in its discretion, agree to accept a letter of credit, performance bond or similar surety to secure Resident Builder's compliance. In such case, if Developer draws upon or demands payment pursuant to any such instrument, Resident Builder shall immediately take such action as necessary to restore the instrument to its full original value or face amount upon receipt of written notice from Developer. Nothing in this Section is intended to limit any of

the rights or remedies granted to DC Ranch Association, Inc., DC Ranch Community Council, Inc., or The Covenant Commission to enforce the Governing Documents.

3. **INDEMNIFICATION.** To the fullest extent permitted by law, in addition to and not in limitation of all other covenants of Resident Builder under this Agreement, Resident Builder does and shall indemnify, defend and hold harmless Developer and its current and future direct and indirect owners, and the respective current and future officers, directors, managers, employees, contractors, trustees, trust beneficiaries, successors and assigns of each of the foregoing (collectively, the “Indemnified Persons”), for, from and against all injuries, losses, liens, claims, demands, judgments, liabilities, damages, costs and expenses (including but not limited to court costs and reasonable attorneys’ fees and expenses) sustained by or made or threatened against Developer, which result from or arise out of or in connection with (a) any work, occurrence, conduct, act, error or omission (whether or not negligent or in violation of any applicable law, rule, regulation or order) maintained, performed, permitted or suffered by Resident Builder or any contractor, subcontractor or supplier of Resident Builder, or any employee, agent, invitee or licensee of any of the foregoing, on or about or pertaining to the Development or any portion thereof, or (b) any design defect or construction defect in the Home or any improvement, fixture or other property constructed, installed or otherwise provided by Resident Builder in, at or on the Home or the Lot. Notwithstanding the foregoing, nothing in this paragraph shall require Resident Builder to indemnify, defend or hold harmless any Indemnified Person for, from or against any such injury, loss, lien, claim, demand, judgment, liability, damage, cost or expense resulting from any negligent or willful act of such Indemnified Person.

4. **DEFAULT BY RESIDENT BUILDER.**

(a) Upon the failure of Resident Builder or any of its employees, agents, suppliers, contractors or subcontractors to perform or observe any term, provision, covenant, agreement or condition contained herein or in any other agreement executed by Resident Builder with or in favor of Developer, either directly or through its agents, employees, contractors or subcontractors, Developer shall be entitled to any or all of the following: (i) to cure the default and apply the Construction Deposit paid by Resident Builder toward the cost of correcting any such default or breach and, if the Construction Deposit is insufficient, to file a lien against any property in the Development owned by Resident Builder to secure the amounts expended in excess of the Construction Deposit; (ii) to bring suit at law to foreclose such lien, if any, and to recover all damages; (iii) to avail itself of the equitable remedy of specific performance as to any obligations not compensable by monetary damages; (iv) to avail itself of any other remedies set forth in this Agreement.

(b) In any action at law or in equity by Developer occasioned by a default hereunder, Developer, if the prevailing party, shall be entitled to collect from Resident Builder its reasonable attorneys’ fees and costs actually incurred in the action. As used herein, the term “prevailing party” shall mean the party who receives substantially the relief sought.

(c) Notwithstanding anything in this Agreement to the contrary, Developer may not declare Resident Builder in default until Developer has delivered to Resident Builder written notice of the alleged default and Resident Builder has failed to cure such default within five (5) days thereafter.

5. **NOTICES.** Any and all notices required or permitted hereunder shall be given in writing and sent by personal delivery, facsimile transmission or registered or certified mail, return receipt requested, postage prepaid, addressed as follows:

6. **SUCCESSORS AND ASSIGNS.** This Agreement shall be binding upon Resident Builder's heirs, representatives, successors and assigns. Resident Builder shall not assign this Agreement or any interest hereunder, in whole or in part, without the prior written consent of Developer, which consent may be withheld for any reason or for no reason. Any attempted assignment which is not approved in writing by Developer shall be null and void. Developer may assign its rights and obligations hereunder without the approval or consent of Resident Builder.

11. **SEVERABILITY** The provisions of this Agreement are intended to be independent, and in the event any provisions of this Agreement is declared by a court of competent jurisdiction to be invalid, illegal, or unenforceable for any reason whatsoever, such illegality, unenforceability, or invalidity shall not affect the remainder of this Agreement.

12. **CONSTRUCTION OF AGREEMENT.** Resident Builder acknowledges that it has read, understood and had the opportunity to be advised by legal counsel as to each and every one of the terms, conditions, and restrictions, and as to the effect of all the provisions, of this Agreement. Should any provision of this Agreement require judicial interpretation, it is agreed that the court interpreting or construing the provision shall not apply a presumption that the terms hereof shall be more strictly construed against any person by reason of the rule of construction that a document is to be construed more strictly against the person who itself or through its agent prepared the document. 15. **NO JOINT VENTURE.** Resident Builder and Developer acknowledge that the relationship between them created hereby is not intended to be and shall not in any way be construed to be that of a partnership, joint venture, or principal and agent unless otherwise acknowledged by separate agreement. Any control exercised by Developer with respect to any property within the Development or any document or matter related thereto is solely for the purpose of protecting Developer's property values. Any approval granted by Developer pursuant to this Agreement is solely for Developer's benefit and no person or entity may rely upon Developer's approval for any other purpose.

16. **NO THIRD PARTY RIGHTS** This Agreement shall be for the sole benefit of the Developer, and no mutual covenants or agreements herein shall be for the benefit of or create any rights in favor of any third parties.

IN WITNESS WHEREOF, the undersigned has executed the foregoing instrument as of the day and year indicated under its signature (the "Effective Date").
