Biography:

Upon graduating from the University of Wisconsin with a BS degree in Architecture and a MS in Structural Eng. I accepted a job with Parsons Engineering, headquartered in L.A., designing and managing large industrial projects internationally. From there, I entered the financial services industry and have held management positions at Morgan Stanley, Baird, Raymond James and currently I am employed by Stifel Financial. In addition, to my community involvement with DC Ranch, (see above) I previously served on the Executive Board of the Boy's and Girls' Club of Phoenix, the Blessed Sacrament Pastoral Council, Notre Dame Strategic Planning Committee, Notre Capital Capital Campaign Committee and currently serve on the Executive Board of the Seena Magowitz Pancreatic Cancer Foundation.

Statement of Purpose:

Continue to protect property values by insuring DC Ranch retains and promotes the welfare and the safety of it's residents. Listening more and talking less, while maintaining complete transparency and responsiveness to all residents. The financial challenges facing the community now and in the future will require the knowledge and creativity to make sure assessments do not become a burden to our residents.
